

# I can do anything

**Even when the world tells girls to be quiet or small, we know you can dream big, be brave, and change the world.**

Write, draw, and imagine all the powerful things that make you, you. Then use your answers to create a collage of your dream future – you can use the back of this topper or create it any way you'd like.

**1. What are 3 things you're really good at?**

**2. What would your dream job or super skill be?**

**3. What does being bold or brave mean to you?**

**4. If your future was a picture, what would be in it?**
