Your limited edition badge booster from GO Outdoors

Ready, set, camp!

Fantastic! Well done on completing
Stage 2 camp skills builder!

Note to leader

This is an extra activity sheet for girls to complete at home or during a unit meeting after completing their stage 2 camp skills builder.

Your challenge

Could you build the ultimate campsite? Think about what makes a campsite safe, comfortable and exciting! What about a magical smore machine that makes unlimited smores, or a lake where you can swim with mermaids? Go wild!

What to do

Step 1

Time to plan your camp. Think about how you want to design it. It could be a model made from craft and recycled materials, drawings or even cake and sweeties.

Step 2

Once you've figured it out, use the top tips and draw out your dream camp.

Step 3

Ready to build? It's time to add extra fun! Add whatever you think will make your camp the best. It could be a giant ice cream freezer or a petting zoo. You could come up with a brilliant name for your dream campsite! Is it magical, adventurous or totally silly?

Top tips

Think about what you need to go camping. Do you want a tent to sleep in or a hammock? Where are you going to cook and keep your stuff.

Think about where everything goes in your camp. Make sure everything is in a safe place. You don't want your tent too close to the campfire! Where are you going to have all your fun?

Need help? Try adding...

Accommodation: Tents, hammocks, treehouses, cabins ... or something magical like cloud bunkbeds!

Food: A camp kitchen, campfire cooking, pizza oven, smoothie bar, marshmallow fountain...

Activities: Archery range, craft hut, dance stage, climbing wall, nature trail, kayaking lake, fairy garden...
